

# COMPARISON SHOPPING NOTES

Use this sheet to help you compare products and services when shopping.  
Turn over for an example.

I am buying a:

I want it to:

I need it to:

	Option 1	Option 2	Option 3
<b>Shop</b>			
<b>What is it?</b>			
<b>How much?</b>			
<b>What does it do/what's good about it?</b>			
<b>Does it do what I want?</b>			
<b>Does it do what I need?</b>			
<b>Does it meet my budget?</b>			
<b>Other considerations</b>			

Which one gets the tick?

# COMPARISON SHOPPING NOTES

## Here's how it can work...

I am buying a: Red T-shirt

I want it to: Fit, be lightweight material, not look stupid

I need it to: Be red and a t-shirt

	Option 1	Option 2	Option 3
<b>Shop</b>	Johnno's Shirts	T-Shirts R Us	T-Shirts.com.au
<b>What is it?</b>	Red T-Shirt	Red T-Shirt	Red T-Shirt
<b>How much?</b>	\$60	\$20	\$20 (but \$10 shipping so really \$30)
<b>What does it do/what's good about it?</b>	It's my fave brand and looks cool	It's red and it's a t-shirt	It looks pretty good but hard to tell from the pic
<b>Does it do what I want?</b>	You betcha	Yep	I think it will
<b>Does it do what I need?</b>	100%	Sure	I'm pretty sure
<b>Does it meet my budget?</b>	I have the money, but I didn't really want to spend that much	It really does	Yep - 10 bucks to spare
<b>Other considerations</b>	I love it.	I would like \$40 to spend on other stuff	It might not arrive on time

Which one gets the tick?
