### Financial Claims Scheme

The Financial Claims Scheme is a Government guarantee covering a combined amount of deposits you hold in a bank. You may be entitled to payment in certain circumstances. Payments under the scheme are subject to a limit for each depositor. Information about the Financial Claims Scheme can be obtained from <http://www.fcs.gov.au>.

**Note:** it may not always be clear to you that the merchant or entity processing the transaction is located outside Australia.

#### How the Allowance applies

- IMB Transaction fees are charged to accounts on the first day of the following month for all transactions that occurred in the previous calendar month.
- Full allowance will be applied to the account which incurs the highest transaction charge for that month; Second most expensive account—50% of allowance; Third most expensive account—25% of allowance; All other accounts—no allowance.
- Any unused allowance is forfeited & is not applied to transaction fees incurred in any subsequent month.
- We determine the monthly allowance of all account holders on the last day of each calendar month.
- Where accounts are held in more than one name, all account holders will receive the benefit of the member allowance based on the balance of the joint account.
- Subject to the conditions above, we will only apply your member allowance against transaction fees incurred on the accounts you 'own'.
- For the purpose of applying the member allowance, the first named account holder of a joint account is deemed to be the 'owner' of the account.
- Members aged under 18 receive a \$2 allowance if actual allowance earned is less than \$2.
- IMB Christmas Club and Zoo Accounts are exempt from transaction fees.
- The Member Transaction Allowance cannot be applied against Account Keeping Fees.
- The Everyday Unlimited and Everyday Unlimited Kick Start Accounts are exempt from and do not count towards IMB's Member Transaction Allowance. The IMB Member Transaction Allowance cannot be applied against any Account Keeping Fees or Transaction Fees incurred on the Everyday Unlimited or Everyday Unlimited Kick Start Account.
- The length of membership of a TSLB Accountholder is calculated from the earlier of them becoming a member of a) Sutherland Credit Union Limited; and b) IMB.

## Fee Definitions

### Fee Policy

Fees charged may be in relation to:

- government taxes
- specific WBC charges imposed on IMB
- the cost of special services provided to our members
- transaction fees;
- administration costs relating to subpoenas and garnishee orders; and
- in some cases account keeping fees.

### Government Taxes

The Federal, State and Territory Governments may impose taxes and charges on accounts from time to time. We may charge you and debit your account with any government charges applicable from time to time.

### Default Fees and Unauthorised Overdraw Interest

When your savings account is overdrawn for 20 days, a fee of \$25 will be debited from your account on the 20th day and a further \$25 debited each month thereafter while your account remains overdrawn. In addition, an unauthorised overdraw interest rate of 14.85% will apply. This interest is calculated daily and charged to your account monthly.

### Default Notice Fee

A Default Notice fee of \$30 will be debited from your deposit account or Personal Credit Line facility, where you are in breach of this PDS and/or the schedule and IMB issues a notice to you demanding monies. Refer to clause 7.1 and 10.1 of this PDS for further information.

### Direct Debit Dishonour (Inward)

When we are unable to perform a direct debit on your behalf due to insufficient funds in your account, you will be charged a dishonour fee. Where we are unable to perform the same direct debit upon further attempts over the next 30 days, the charging of a further dishonour fee is at IMB's discretion.

Your direct debit authority may be cancelled at the discretion of IMB, in the instances where the direct debit has been repeatedly dishonoured and a dishonour fee is charged to your account three times in a 90 day period.

### Direct Debit Dishonour (Outward)

Where you have instructed IMB to debit funds from a third party account and electronically credit an IMB account, a dishonour fee will apply if there are insufficient cleared funds in your third party account.

### Direct Credit Dishonour

Where you have instructed IMB to debit funds from your IMB account and electronically credit an external party and either your account has insufficient cleared funds or the external party returns the payment, a dishonour fee will apply.

### Periodical Payment Dishonour

Where you have instructed IMB to deduct a payment from your IMB account and credit either an internal IMB account or draw a regular cheque on your behalf, a dishonour fee will apply if there are insufficient cleared funds in your account.

### Honour Fee

Where you request us to make a payment through a payment facility to which this PDS applies and it would cause your account to be overdrawn or any applicable credit limit to be exceeded, we may in our absolute discretion debit your account for that payment and charge you an honour fee. Where your account is overdrawn or your credit limit is exceeded you may also be charged default fees and unauthorised overdraw interest. Refer to clause 7.1 of the **PDS – Member Guide to Transaction Banking** for further information on these types of fees.
